Defendants County of Bucks and Correctional Officers Moody, Murphy, and Young (“County Defendants”), hereby file their Pretrial Memorandum.

I. Nature of Claims and Jurisdiction

Plaintiff brings a cause of action under 42 U.S.C. §1983 and allege that each individually named Bucks County correctional officer was deliberately indifferent to Freitag’s serious medical needs. The Plaintiff also brings a cause of action against the County of Bucks (“County”) under Monell v. Dep’t of Soc. Servs. of City of New York, 436 U.S. 658 (1978). The Plaintiff brings a cause of action against PrimeCare, Inc. (“PCM”), the County’s accredited medical provider under 42 U.S.C. §1983. Plaintiff further alleges that PCM deviated from the medically accepted practices under a state law negligence theory. The Court has jurisdiction over the federal claims pursuant to 28 U.S.C. § 1331. This Court has jurisdiction over the medical malpractice claims pursuant to 28 U.S.C. § 1367.

II. Statement of Facts

On September 13, 2017, Charles Freitag (“Freitag”) drove his truck through the exterior wall of Brenda Plocher, his ex-wife, and James Brennan’s house. Freitag was arrested and charged with the following first-degree felony

[Freitag] did attempt to cause serious bodily injury to another Brenda Plocher and James Brennan, or did cause such injury intentionally, knowingly or recklessly under circumstances manifesting extreme indifference to the value of human life, that is to say [Freitag] did drive a motor vehicle through at and through an occupied structure, 5 Martha Circle, Fallsington Pa, in violation of Section 2702(a)(1) of the PA Crimes Code. 18 Pa.C.S. 2702(a)(1) Felony 1st).

Freitag made bail and was released from custody pending his trial which commenced on June 4, 2018. On June 4, 2018, a jury found Freitag guilty of aggravated assault. The court revoked Freitag's bail and he was committed to the Bucks County Correctional Facility ("BCCF").

Upon Freitag's admission to BCCF, Nurse Sareigo, employed by co-defendant PCM conducted an "Intake Suicide Screening."¹ Freitag was placed on a Level 2 Suicide Watch by PCM. On June 5, 2018, PCM Defendant Jessica Mahoney, Psy.D, conducted a mental health intake on Freitag, and a suicide risk assessment Defendant Mahoney determined Freitag should remain on the level 2 watch. Freitag submitted a sick call slip on June 5, 2018 with the notation of "feeling depression." Mr. Freitag was seen by the mental health department on June 6, 2018.

On June 6, 2018, PCM Defendant Avia James, LPC removed Freitag's level 2 watch status and stepped him down to a level 3 watch, following a second suicide risk assessment. On June 8, 2018, PCM Defendant James removed Freitag from level 3 watch. On July 31, 2018, Freitag's attorney emailed BCCF Deputy Warden Clifton Mitchell stating he was getting reports that Freitag "is not doing well incarcerated and has a history of suicide attempts." Deputy

¹ The County of Bucks entered a contractual arrangement with PrimeCare Medical, Inc. (PCM) in 2013, to provide comprehensive healthcare for inmates in the custody of the BCCF. As part of the agreement, PCM nursing personnel was on-site at BCCF 24-hours a day, seven days a week, 365 days a year. PCM provided mental health services to BCCF inmates pursuant to a contract with Bucks County. Mental health personnel were also on call 24-hours a day, seven days a week, 365 days a year. The National Commission on Correctional Health Care ("NCCHC") Accreditation accredited BCCF in 2017- "Standards for Health Services in Jails."

Warden Mitchell contacted Dr. Abbey Cassidy, the Director of Mental Health Services employed by PCM assigned to BCCF, and requested a mental health evaluation be conducted on Freitag.

On July 31, 2018, Freitag was placed on a Level III/regular watch by PCM Defendant James.² From August 1 to August 17, Freitag had eight visits with mental health care employees. He denied suicidal ideation on each occasion. On seven of the visits, Freitag denied mental health concerns and mental health care employees noted that he appeared a low risk of self-harm.

Mr. Freitag was seen by PCM medical providers on August 1st, 3rd, 6th, 10th, 14th and 15th. On August 17, 2018, seven days before Freitag's sentencing, PCM Defendant Penge removed Freitag from Level III/regular watch. On August 22 and 23, Freitag had visits with mental health care employees. He denied any mental health concerns and suicidal ideation on both visits, and mental health care employees noted that he appeared low risk for self-harm. Freitag was scheduled for a mental health appointment to occur on August 27, 2018.

On Friday, August 24, 2018, Freitag was sentenced to six to twelve years imprisonment, to be served in a State operated corrections facility. At the request of Freitag's criminal counsel, Freitag returned to BCCF at approximately 3:20 pm. When Freitag returned to BCCF he never requested medical attention, although he had done so in the past.

² A Level III/regular watch "is not used for suicide prevention, but reserved for the inmate whose behavior warrants closer observation." Under Level 3, the assigned correctional officers are required to observe all inmates, including inmates on this level of watch, in staggered intervals not to exceed 30 minutes and log their observations. On this level, an inmate monitor observes the inmate every fifteen minutes and logs their observations on an inmate monitor form.

At 3:52 pm, Lieutenant Ara Kimbrough emailed Deputy Warden Mitchell and others informing them of Freitag's sentence. In an abundance of caution, Deputy Warden ordered Freitag to be placed on a Level III Medical watch. Deputy Warden Mitchell did not know that Freitag had two prior suicide attempts. Deputy Warden Mitchell did not know that Freitag had been expressing anxiety about his sentencing. Freitag returned to his cell which was located on Module B.

On August 25, 2018, Defendants Moody and Young were assigned to B module. They reported for duty at approximately 6:00 a.m. Officer Murphy was a special assignment officer on August 25, 2018, meaning he was not assigned to B module that day, but he was there to provide breaks for Officers Moody and Young. Officers Moody, Murphy, and Young did not know about Freitag's prior suicide attempts. Officer Murphy had no knowledge of Freitag being placed on any kind of watch prior to the morning of August 25, 2018.

On August 25, 2018, at 9:11 a.m., Freitag left his cell to get his medication and returned to his cell at 9:16 a.m. Officer Murphy arrived on B module at approximately 10:00 a.m. to temporarily relieve Officer Moody. At 10:04 a.m., video evidence shows that Officer Murphy observed Freitag in his cell. At 10:21 a.m., video evidence shows that Officer Murphy observed Freitag in his cell. At 10:32:19 a.m., video evidence shows that inmate monitor Hugh Caldwell looked into Freitag's cell. Officer Murphy left B module at 10:40 a.m. (Plaintiff has agreed to dismiss Murphy from the case after summary judgment was filed.)

At 10:55 a.m., another inmate was walking by Freitag's cell, looked in, and saw Freitag bleeding on the bed. The inmate called to Officers Moody and Young for assistance. Officer Moody went over to Freitag's cell, called into Freitag, and received no response. Officer Moody

told Officer Young to call a medical emergency. Emergency personnel responded but were unable to provide life-saving medical procedures.

At autopsy, Dr. Ian Hood determined that the cause of death was “incised wounds of arms.” Freitag used a plastic shard from a coffee cup to make the wounds on his forearms which caused him to bleed out. The parties agree that the time that Freitag commenced cutting his arms is unknown and the time Freitag lost consciousness is unknown.

IV. Stipulations of Counsel

None.

V. Objections to Admissibility of Plaintiff's Exhibit Based on Authenticity

| | |
|--|--|
| Statement of Hugh Caldwell Freitag 1388 – 1389 | There is no evidence that Caldwell prepared this statement nor evidence of how the statement was created. This statement is also inadmissible hearsay. |
|--|--|

VI. Objections to Admissibility of Plaintiff's Evidence Expected to be Offered for Any Reason (except relevancy)

A. Plaintiff intends to offer evidence of a policy change after this incident regarding sentenced inmates. This evidence is a subsequent remedial measure and inadmissible under Fed. R. Evid. 407 as the evidence will be offered as proof of negligence or culpable conduct.

B. Plaintiff intends to offer evidence that Freitag's death resulted in loss future earning capacity. On the date of his death he was 57 years of age. Plaintiff's response to the County Defendants' Motion for Summary Judgment argued that Freitag committed suicide because his conviction would not allow him to return to his former job at the USPS. Also, on August 24, 2018, after he returning from sentencing, Freitag told his brother that he would "be on social security" by the time he served his sentence. Thus, Plaintiff should be precluded from putting on evidence of future loss wages.

C. Plaintiff intends to offer Freitag's past mental health history to prove deliberate indifference on the part of the individual correctional officers and the County. Plaintiff has admitted that the individual officers were unaware of Freitag's past suicide attempts

and mental health history. Freitag's mental health history should not be offered against the County Defendants.

VII. The Adequacy of the Qualifications of an Expert Witness Expected to Testify

The County intends to object to the scope of Plaintiff's mental health expert, Dr. Mary Perrien. Dr. Perrien provides opinions regarding the alleged indifference on the part of the named defendant correctional officers. While she arguably may be qualified to provide opinions on medical care, she is not qualified to provide an opinion on corrections.

VIII. Anticipated Important Legal Issues

A. Whether the use of an inmate worker to supplement observations of inmates on Level III Medical Watch expands a convicted prisoner's constitutional rights under the Eighth Amendment. The answer to this question is **No**. The Eighth Amendment is not a font of tort law that creates rights that are not imbedded in the Constitution. "Section 1983 imposes liability for violations of rights protected by the Constitution, not for violations of duties of care arising out of tort law. Remedy for the latter type of injury must be sought in state court under traditional tort-law principles." Baker v. McCollan, 443 US 137 , 146 (1979).

IX. Length of Trial

The County Defendants estimate that the entire trial would last between 5 and 7 days.
